

KDW Architecture & Engineering

Location: Bozeman, MT

Salary: Negotiable

Minimum Education: BSEE

Mid-size AE consulting firm seeks an Electrical Engineer with a minimum of 4 years experience for telecommunications, high tech and health care projects in our Bozeman offices.

Design and construction administration experience with AC distribution, standby generator plants, UPS systems, lighting, grounding, security, communication and DC power systems required.

We are a growing firm and offer competitive salary and benefits with significant opportunities for growth. Ideal candidate would possess excellent verbal, written communication skills as well as coordination skills and general understanding of the complete project design and construction process.

Our Bozeman office offers comparable wages and benefits to our Seattle office.

Please send resume to Monica Anderson at: monicab@kdw.net or mail to:
10202 5th Ave NE, Suite 102
Seattle, WA 98125
